(Single Choice) – [Learn more about Spaces at MozFest 2022](#)

Proposal Description

(Max 250 words)

What is the goal / outcome of your session?

(Max 150 words)

Why did you choose that space? How does your session align with the space description?

(Max 150 words)

How will you deal with varying numbers of participants in your session? What if 30 participants attend? What if there are 3?

(Max 150 words)

What happens after MozFest? We're hoping that many efforts and discussions will continue after MozFest. Share any ideas you already have for how to continue the work from your session.

(Max 150 words)

Tool Requirements

(Multiple Choice) - Use the checkboxes to list the tool requirements that you need to successfully run your session.

- Video / Audio Discussion (eg. Zoom)
- Whiteboards / Virtual Sticky Notes (eg. Miro)
- Social Space (eg. Mozilla Hubs)

External Documentation

Add a link per line of any additional documentation you wish to share publicly as part of your session.

Do you have any accessibility requirements we can help support during the festival?

(Max 25 words) - We will always do our best to support everyone at the festival, however if we are unable to meet the support requested, the MozFest Production team will contact you to make alternative arrangements

What language would you like to host your session in?

(Multiple choice) - MozFest will be hosted with English as the principal language and the majority of participants will speak English as a first or second language. However if you wish to lead your session in another language or support your session in multiple languages, please let us know. In the last virtual MozFest, we hosted around 10k participants from 145+ countries.

- English
- Dutch
- Frisian
- Spanish
- French
- Italian
- Bengali
- German
- Russian
- Greek
- Portuguese
- Mandarin
- Kiswahili
- Cantonese
- Other

MozFest may not be able to support all languages but we will work with you to provide the best support we can. Will you need additional support from MozFest to deliver this session?

(Single Choice)

- Yes, to help translate the live session in English
- Yes, to help translate the live session to another language
- Yes, to help translate my session notes to English
- Yes, to help translate my session notes to another language
- No, I can host the session myself

Do you require any additional equipment to run your session fully remote?

(Max 50 words) - As MozFest 2022 is taking place virtually, you will be hosting your session online. If you need additional support with your technology requirements, please share with us what you need to help you run this session smoothly. Please only request resources if you do not have access to them elsewhere.
